#### Baseline Credit Assessment placed on review for upgrade

Paris, November 20, 2025 -- Moody's Ratings (Moody's) has today placed on review for upgrade the long-term ratings and assessments of NIBC Bank N.V. (NIBC), including its long-term deposit and senior unsecured debt ratings of A2, its senior unsecured Medium-Term Note (MTN) programme ratings of (P)A2, its junior senior unsecured MTN programme ratings of (P)Baa2, its subordinated debt rating of Baa3, its subordinated MTN programme of (P)Baa3, its cumulative perpetual preferred stock ratings of Baa3 (hyb), its long-term Counterparty Risk Ratings of A2, its long-term Counterparty Risk (CR) Assessment of A2 (cr), as well as its Baseline Credit Assessment (BCA) and Adjusted BCA of baa2. Previously, the outlook on long-term deposit and senior unsecured debt ratings was stable.

Today's rating actions follow the announcement on 12 November that ABN AMRO Bank N.V. (ABN AMRO, Aa3 deposit/Aa3 senior unsecured, stable, baa1 BCA) had reached an agreement with Blackstone to acquire all shares of NIBC for a total consideration of €960 million. The offer is expected to be finalized by the second half of 2026, subject to regulatory approvals, at which time we anticipate concluding the reviews.

In addition, we affirmed NIBC's short-term (ST) Counterparty Risk Ratings (CRR) of Prime-1, its ST CR Assessment of Prime-1 (cr), its ST deposit ratings of Prime-1, its Commercial Paper rating of Prime-1, and its Other Short Term programme rating of (P)Prime-1.

#### RATINGS RATIONALE

The review for upgrade on NIBC's BCA reflects the future absorption of NIBC into ABN AMRO, a large banking group with a stronger standalone credit profile. As a result of its acquisition by ABN AMRO, NIBC should eventually stop operating as a standalone bank, albeit some NIBC brands may continue to be used, notably in the residential mortgage business. In such a scenario, ABN AMRO will eventually absorb NIBC and legally assume its debt securities and other liabilities.

The review for upgrade also considers that, once combined with ABN AMRO, the outcome of NIBC's Loss Given Failure (LGF) analysis is likely to remain broadly stable.

As a result, our LGF analysis continues to indicate three notches of uplift for the deposits and senior unsecured debt ratings of NIBC, consistent with ABN AMRO's LGF analysis.

Finally, the review reflects our assumption that NIBC's deposits and senior unsecured debt would, after the closing, benefit from the same moderate likelihood of government support as ABN AMRO, due to its systemic importance in the Dutch financial system, resulting in an additional notch of uplift instead of zero at the moment.

#### FACTORS THAT COULD LEAD TO AN UPGRADE OR DOWNGRADE OF THE RATINGS

An upgrade of NIBC's long-term ratings, BCA and Adjusted BCA would be triggered by the closing of the acquisition, upon regulatory approvals and provided that ABN AMRO's creditworthiness and funding structure remains unchanged until that point

A downgrade is not currently expected, viewing the current acquisition of the bank by ABN AMRO.

The principal methodology used in these ratings was Banks published in November 2025 and available at <https://ratings.moodys.com/rmc-documents/454566>. Alternatively, please see the Rating Methodologies page on <https://ratings.moodys.com> for a copy of this methodology.

NIBC's assigned BCA score of baa2 is set three notches below the "Financial Profile" initial score of a2 because of single-name and sector concentrations, low earnings retention and a deposit franchise exclusively online.

## REGULATORY DISCLOSURES

For further specification of Moody's key rating assumptions and sensitivity analysis, see the sections Methodology Assumptions and Sensitivity to Assumptions in the disclosure form. Moody's Rating Symbols and Definitions can be found on <https://ratings.moodys.com/rating-definitions>.

For any affected securities or rated entities receiving direct credit support/credit substitution from another entity or entities subject to a credit rating action (the supporting entity), and whose ratings may change as a result of a credit rating action as to the supporting entity, the associated regulatory disclosures will relate to the supporting entity. Exceptions to this approach may be applicable in certain jurisdictions.

For ratings issued on a program, series, category/class of debt or security, certain regulatory disclosures applicable to each rating of a subsequently issued bond or note of the same series, category/class of debt, or security, or pursuant to a program for which the ratings are derived exclusively from existing ratings, in accordance with Moody's rating practices, can be found in the most recent Credit Rating Announcement related to the same class of Credit Rating.

For provisional ratings, the Credit Rating Announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating.

Moody's does not always publish a separate Credit Rating Announcement for each Credit Rating assigned in the Anticipated Ratings Process or Subsequent Ratings Process.

These ratings are unsolicited.
